SPC Hill, hailing from Santa Clarita, CA, found her way to bobsled through a rookie camp invitation in 2023, igniting her passion and rapid rise to USA's top brake-woman. With a strong athletic lineage, both parents were Olympians and Azaria was drawn to sports from a young age. Joining the U.S. Army in May 2024, she now proudly represents her country as both a Soldier and athlete, balancing her commitment to service and her bobsled ambitions.

"The discipline I learned as a Soldier is the same drive that pushes me as an athlete on the world stage."
