SGT Del Duca showed his aptitude for winter sports by becoming state champion in downhill slalom skiing his sophomore year of high school, after skiing only a few seasons. He raced for the state of Maine in the Eastern High School Championships each subsequent season. Based on his attendance at a 2015 bobsled combine, he was named a Tier 1 push athlete recruit. Since then, he has developed quickly in this competitive field, placing among the elite on all world stages to include the 2022 Olympic Games. Frank continues to show that he is one of the best drivers in the world and continues to map out his course to international victory.

***"The Army prepared me for challenges, and sport gives me the chance to showcase that strength for the world."***
